## BROWN, HANNON NAMED FOOTBALL CO-COACHES AT TELSTAR

The S. A. D. #44 Board of Directors at a meeting on Monday, Aug. 1, named Peter Brown and Dan Hannon as co-head football coaches at Telstar Regional High School. Brown and Hannon combined have over 15 years of football coaching experience at Telstar. They are familiar with students on this year's squad, and familiar with the football program at the school.

The co-coaching arrangement was proposed by Peter Brown, who was offered the head coaching position. Brown felt that he and Hannon had succeeded as a coaching tandem during their years under former head coach Dick Collins, and felt that the football program would succeed if they shared the head coaching responsibilities. The co-coaches complement each other well: Brown coaches the line and Hannon coaches backfield; Brown is excitable and Hannon is low-key; Brown is an enthusiastic extrovert and Hannon is a business-like introvert. Both are eagerly looking forward to Aug. 15, when they can begin working with the Telstar squad.

**SOUTH BETHEL HOME RUINED BY SATURDAY FIRE**—The interior of the home of Mr. and Mrs. Rodney Hanscom, Jr., was gutted by a fire reportedly of undetermined origin early last Saturday evening. The structure is owned by P. H. Chadbourne and Co.

Mr. and Mrs. Hanscom and two children, a girl, nine, and a boy, seven, were away at the time the blaze was discovered. Nearly all of their clothing and household furnishings were destroyed. They are now staying at the home of the parents, Mr. and Mrs. Rodney Hanscom, Sr.

The Bethel Fire Department responded to a 7:45 a.m. call.

## ADULT EDUCATION COUNCIL TO BE FORMED IN S. A. D. #44

During the past 18 months S. A. D. #44 has had an extremely successful Adult Education program. This has presented the community with an opportunity to mingle, to learn and to better utilize the school facilities. The success of the program is partly due to the fact that a number of citizens have expressed their desires for courses to the Director. One of the goals of the program is to offer courses which people want, so any interested adult should contact Marie Wilson at Telstar or at 824-2125. An Adult Education Council will be formed to help determine future courses and the direction of the program. So, if you would like to be a part of the process where your school system serves you please call Marie.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Maine Department of Environmental Protection has recently approved plans for Bethel to start development of a sanitary landfill at our present dump site. The landfill area will be the field to the right of the present dump access road. The highway department will be doing most of the development work. Construction on the facility will start in August and we anticipate starting use of the landfill operation about Oct. 1.

Residents are reminded that the Bethel Police Department offers the service of checking homes while residents are away on vacation. Citizens interested in this service should call or come into the Town Office to provide information on their travel plans.

The Board of Selectmen, after review of proposals from four consulting firms, have selected the firm of Hunter-Balwell Associates of Portland to undertake the Master Plan Study of Col. Dyke Field. Local officials will be meeting with representatives of the firm, the State Department of Transportation, and the FAA during the latter part of August to develop a contract agreement for the project. Citizen involvement will be a key concern during the study process.

Upcoming meetings will include the Law Enforcement and Safety Committee Aug. 10 at the Town Office, and the Board of Selectmen, Aug. 15, at the Town Office.

## BETHEL ARTS & CRAFTS FESTIVAL WELL ATTENDED

The Arts and Crafts Festival held in the Field House of Gould Academy, Saturday, was well attended by patrons of the arts from throughout Oxford County. Sponsored by the Bethel Auxiliary of the Rumford Community Hospital, there were many beautiful exhibits from the Bethel, Rangley, Buckfield, and Andover areas. Silhouette artist Kaye House, cutting silhouettes with surgeon's scissors, free hand, gave some interesting demonstrations.

Mrs. Romaine Bouchard, Bethel, had tables of crochet work, a rainbow of color with baby clothes from booties to the bonnet, Afghan scarves, and a king size bed. Hand crafted toys by Julie Dyer of Sunday River was surrounded by children of all ages, with eager hands reaching out to touch Teddy bears, pandas and small animals of all kinds.

Marlene Myers, Songo Pond Road, Bethel, had miniature models of doll houses, dolls, lobster traps and even the boat house with its plings in minute detail.

Rhodes Wright, Newry, with vases in many shapes and colors, showed a unique originality of design in the field of pottery. One of the outstanding exhibits of the show was the work of Romeo Baker, hand crafted furniture. He gave a demonstration of how the top of a coffee table, a piece of wood approximately 2 1/2 inches thick, was cut to the roots of a white birch tree stump, was prepared with a rasp, chisel

**TO CONDUCT CENSUS**—Ms. Cindy Kalley, research assistant for the Bethel Planning Board, is to conduct a census of the Bethel population starting Aug. 8. The 1970 census placed the Bethel population at 2,220 inhabitants. As of July 29, there are 1,737 registered voters, with 509 students registered in the schools of S. A. D. 44, with 259 in elementary, 138 secondary and 12 students in private schools. After this project is completed, work on the Comprehensive Plan will commence.

## HISTORICAL SOCIETY TO MEET THIS EVENING (THURSDAY)

"Homespun" will be the theme of this evening's monthly meeting of the Bethel Historical Society. Members of the Museum committee will discuss homespun items from the Society's collection, and two films, "Homespun" and "Colonial Clothing" will be shown. The meeting will be held in the Meeting room of the Moses Mason House at 7:30 p. m. Everyone is welcome and refreshments will be served.

and other hand tools for sanding, finishing and mounting on a base. Mrs. Helen Morton, Newry, had a display of paintings which showed a versatile ability, with Mrs. Jean Ness, Bethel, showing hand made children's clothing in various styles. There were exhibits of jewelry in many forms including that of Rocky Swain, Bethel, from coins and Edith Robertson, Kingfield, with lens jewelry, leather work and lamps.

The show was an excellent opportunity for hobbyists to exhibit their work and get to know one another, with all exhibits being worthy of the highest praise.

## S. A. D. #44 BOARD ACTS ON LENGTHY AGENDA AT MONDAY MEETING

The board of directors of M. S. A. D. #44 held a regular meeting in the library at Telstar Regional High School on Monday evening of this week. The public portion of the meeting was delayed about 40 minutes by an executive session for discussion of proposed settlement with the former elementary supervising principals and the pending agreement with the Telstar Educators Association.

The board authorized the superintendent to pay the three former elementary supervising principals, James Johnston of Woodstock, Robert Hamor of Andover, and Edward Flynn of Crescent Park School, the sum of \$2,000 each upon receipt of signed releases and other documents agreed upon at the July 19 Maine Labor Relations Board's pre-hearing conferences. Superintendent Kenneth Smith stated that this was a county type settlement but was an issue resolved as part of the regular negotiations process under the auspices of the MLRB. The principals of Mr. Johnston, Mr. Hamor and Mr. Flynn were eliminated in a reorganization plan approved by the board last fall, effective with the 1977-78 school year.

The directors approved a comprehensive agreement with the Telstar Educators Association. The document approved contains a salary schedule for initial year of the two-year agreement only. A salary schedule for the second year of the agreement will be resolved when negotiations are reopened for that purpose. The salary schedule for 1977-78 provides a beginning salary of \$8,000 for those possessing a bachelor's degree; \$8,500, master's; and \$9,000 for master's plus 30. Each category has a yearly increment of \$370; 12 year experiential steps for bachelor's and master's, and 13 year for master's plus 20.

Wayne Howe, a graduate of Telstar, who received his degree from the University of Maine-Farmington in 1974 with a major in social studies, was named to serve in the social studies/reading position at the Telstar Middle School. Mr. Howe has had experience doing substitute work in the S. A. D. #44 schools.

The board approved Miss Rebecca Cummings, a graduate of Oxford Hills High School in 1962, to be a reading instructor in the Telstar Middle School. She has a B. S. degree in English and a M.Ed. in reading and English from UMO. She has taught in her specialty at Old Town in the junior high level as well as being instrumental in the development of a remedial reading program at Old Town. She served three years in the Peace Corps in Thailand where she taught English as a foreign language. Her last two years have been in Brazil where she taught English in grades 7-12 at a government school.

Miss Joanne Davis, a native of Albion and a graduate of Lawrence High School in Fairfield, with a B. S. from UMF in 1972, was named to the science position at the Telstar Middle School. Since her graduation from UMF she has been teaching chemistry at Rumford High School.

Mrs. Denise Brown was named to fill the one year vacancy as continued on Page Four

**Greenwood City**

— Mrs. Colista Morgan, Corres. —

On this breezy afternoon of the last of July, as I sit writing by the window, a molting blue jay rests at the feeder. The wind spreads its tail and I noticed a feather missing. Spread wide it resembles a smile with a missing tooth. Now he has flown leaving me to write about Tumbledown Mountain in the Weld region. This mountain is 3035 feet high and has several trails. We chose the Parker's Ridge trail, which was described as the oldest and easiest of the trails.

Ruth and I left on Wednesday at 8:30 to see if we could accomplish the climb which for several years we had hoped to do. At 10:10 we were at the start of the trail and prepared to ascend.

The dried grasses in places spoke to us as they touch one another in a strong but kind wind. The trail was streaked and mottled with shadow-pun, brocade while by our side a brook peacefully and dreamfully chuckled its monologue.

The trail became rough at once so we had to use common sense precautions and keep ever alert. The rise was gradual. We found touches of those who had gone before us.

It wasn't long before we shed our jackets. The sun flamed over head and brought out the perfume of spicy plants as it rose on the forest air.

The trail led up and around and ever up but no peaks could we see above. We thought it a delight to tramp along, feeling the warmth of vigorous exercise. At this point we did not know how vigorous it would be before we reached the summit. I had been this way before more than thirty years ago. My memory told me it would be easy. Did I forget or was it because I had added those thirty plus years?

We advanced slowly noting the ferns, gnarled limbs, and lichens encrusted on the tree trunks. After considerable time, we were resting, as a man appeared coming down the trail. I asked him if we were near the top. He said, "I'm sorry to tell you that you are about half way and it's steep and steeper from here on."

We took another look at the sunshine as it splashed an opening and streaked the smooth trunks of the beeches. It spotlighted the cushions of moss among the twisted roots and glittered like varnish on the leaves.

Soon we were at a spot where we viewed Webb Lake, Mt. Blue and Mt. Blue State Park. At some distance up we saw the same scene plus the deeply and richly forested top-hills. The trail ahead gave no hint of the towering masses beyond. Another hour passed and we began to find huge boulders, vague and mysterious shapes ahead. We watched the trail signs carefully because of the immensity of tumbled rocks, broken and formed into extraordinary contortions. It was tough going now at

all times but we were determined to make that last boulder where the summits of the various peaks were gray and dignified. We did! There the sun was brilliant, the air sparkling, each mountain tip clear cut, sharply imprinted on the blue of the sky.

We stood surveying the panorama of mountains and woodlands. The trees far below were toylike in the distance. The rock masses were enormous, the scene spectacular! We could see forever! Giant shadows moved and danced like monsters over the clustered forests and mountains. The shearing effect of the wind was everywhere.

We pulled our jackets on and set to eat our lunch for it was now 1:00 o'clock.

Beautiful clouds tilted this way and that above us. There were mountain cranberries at our feet. The rays of the sun fell the length of the stones around us bringing out sharp details of their texture. What a dining room! What a glorious day! A feast for all the senses. We had snatched a single moment of time and had caught it forever.

From here on Parker's Ridge, a trail descends to Tumbledown's three peaks towering jagged, and piled up in titanic chaos which discouraged our puny effort to climb them. We didn't go down to the pond as I did years ago, but we could plainly see it. It was blue and clear like a diamond set in here at the base of mountains reflecting the wild beauty of the scene.

The wind boiled through the trees below us where we lingered at the edge of a great drop-off to the depth of the land below.

Time now was 2:00 o'clock. We knew our trip down would have to be cautious and slow so we left for home base. We slid, we crawled, we walked, but we did not fall. When on the most trying of boulders, we met a young couple. He, carrying a few months old baby on his back and she, with a three year old boy, walking, going up.

Reaching the car at 4:45 with the hours of toil behind us, tired and grime as we were, we could still "fall a dream" the marvelous beauty we had seen from the top.

Mr. and Mrs. Keijo Saarinen, Troy, N. H., were recent callers in town.

**FRANKLIN GRANGE**

Franklin Grange Ladies' Night was in charge of Evelyn Bean. She invited members to her new home for a cook out, but because of the rain in the late afternoon the tables were set up in the Beans' spacious garage. The center table was filled with food as this was cafeteria style. Tables and chairs were stationed around the garage.

Charles Cole with her guitar, Richard Red with harmonica and Stephen Seames with his accordion led community singing. After all had sung themselves out, ice cream and cake were served by the hostess, Evelyn Bean.

— Clarice Gibson, Corres. —

The first day of August. What will it have in store for us. May was dry, June was wet and lowly. July was dry. Hoping that August will have enough rains to feed the crops but, still have nice days to enjoy the fast fleeting summer. The moon was full the 30th and last night it was beautiful, streaming across the river leaving a golden ribbon of moonlight behind in its path. The shadows of the trees in the water completed the picture.

Didn't get in Gerry Shimamura and children, Jody and Billy and Jody's friend, Kevin Kingsbury in the Wildcat, and they rode the gondolas, then traveled to Bartlett, N. H., and rode the new Alpine Slide. They reported it was a lot of fun and Gerry said she grabbed herself a slide and went down too. On the way home they stopped at Ellis Falls and walked down to the falls and had a refreshing dip. This was the week of the 17th when the temperatures were unbearable.

A couple of my friends from West Paris stopped in the 25th, Barbara Immonen, Hattie Turner. In the evening Mr. and Mrs. Frank Gibson III came to visit.

Mr. and Mrs. Lester Butters had supper guests Mrs. Lillian Corbett, Gorham, N. H., and Mrs. Chester Hayes and Ethel Elliott from Shelburne, N. H.

The Mrs. Sally Clay and Lee Enzig and Mrs. Clays daughter, Meg, went to the Bean Hole Bean supper at South Paris Saturday evening.

Mr. and Mrs. John Laban and all three children went to Popham Beach Sunday.

Mrs. John MacDougall received word that her nephew, Bruce

I'm wondering if mice can foresee something in the weather that we can't. Several people have mentioned they have been bothered with mice coming into this house this summer and never have before.

A bear crossed the road in front of Earl early Monday morning just beyond Eddy Rice's. Also that big black animal of the cat family was seen again last week below the Albany line a ways this time.

When they leave. When they were little we could usually take them in our arms and help the hurts. Now if they have things happen to them that aren't to their liking you can only be there if and when they need someone to talk to.

has taught for three years pre-  
viously in the district, including

certification in special education  
for kindergarten through grade 12.

Mrs. Ruth Feeney, Bethel, was  
approved as reading teacher for  
grades 6 and 7 at the Middle  
School. This position became open  
when Roger Sabin requested trans-  
fer to the grade four vacancy at  
Andover. Mrs. Feeney, a graduate  
of Boston University, has taken  
CBE courses in reading and dur-  
ing the past year was Title I as-  
sistant at Crescent Park School.

The board approved the follow-  
ing coaching positions for the  
fall season: Football, co-coaches,  
Peter Brown and Dan Hannon;  
Varsity Field Hockey, coach, El-  
len Durgin; Varsity Cross Coun-  
try, coach, Joy Appleby.

The directors voted to post a  
position of Telstar Middle School  
secretary. Any action on a secre-  
tary and a custodian at the Tel-  
star Middle School was tabled  
until the next regular  
board meeting.

The board accepted following  
low bids to supply the fuel needs  
of the district for the next year:  
#2 fuel oil, Brooks Bros. Inc.,

season was accepted.

Walter Phillips, Middle school  
principal, and Dr. Wayne Gersen,  
Telstar principal, briefly reviewed

evening were Arnold Jordan, of

GIVING TO GOD

By Dr. J. Philip Jackson

Community Church,  
Rumford Center

The work of God does not de-  
pend on money. And yet money  
plays a great part in the work of  
God. Peter said: "Silver and gold  
have I none." He gave what money  
could not buy — healing to a  
cripple.

Some people quote religiously:  
"The love of money is the root of  
all evil." They say that the  
LACK of it can be, too. Money can  
be a curse if it is used for per-  
sonal, morbid self-interest, or  
materialistic indulgence. But the  
right use of money can be a source  
of much blessing.

Giving is as necessary to  
Christian service as breathing is  
to life. And it is not always the  
amount we give, it is our attitude.  
If our hearts are full our hands  
will be open.

Some people give according to  
their means, others according to  
their meanness. There are three  
kinds of givers: The FIRST never  
gives till it is well hoarded, and  
then it gives only sparks. The  
SECOND gives only when you  
squeeze it until it is dry. The  
THIRD GIVES freely and keeps on  
giving.

Barnabas, in the Bible, teaches  
us how to give. . . having laid  
sold it and laid it at the apostles'  
feet." He had GENEROUS EYES.  
He discerned the needs of others;  
He had a GENEROUS HEART, he  
sold his only possession of value,  
land. As a Levite, he could not  
hold property; He had GENER-  
OUS HANDS, he brought the money  
and deposited it for God's  
work. No strings, no reservations,  
no directions. NO WITHHOLDING  
FROM THE BASKET TILL THE  
PASTOR RAN THE WORK THE  
WAY HE WANTED IT! All was  
done "not grudgingly, or of neces-  
sity; for God loveth a cheerful  
giver."

"Take my silver and my gold;  
not a dime would I withhold;  
Take my heart, it is Thine own;  
it shall be Thy royal throne.  
Take my love, my Lord I pour;  
At Thy feet its treasure store.  
Take MYSELF that I may be  
EVER, ONLY, ALL for THEE."

Dear Editor,

I have noticed how the Bethel  
Rifle Guard activity has fallen off;  
this is top bad as the Rifle Guard  
has turned in a good performance  
record in the past few years  
whenever they shot.

There are some shoots in the  
offing that will be of interest to  
our muzzle-loading members.

On August 6 and 7 there is a  
militia musket and flintlock shoot  
in Windham on the Farney Road.

On August 7 in Rangely there  
is a muzzle load shoot sponsored  
by the Rangely Guides and Out-  
fitters Association. Shoot starts at  
1 p. m. on route 4 near the Hill-  
side Motel.

On August 20 and 21 in Scar-  
borough at the Fish & Game  
Association. The Maine Muzzle-  
Loading Rifle Association is host-  
ing the State Championship Shoot.  
Camping facilities are available  
for tenting, etc. No hook-ups.

Other shoots are scheduled for  
September at yet to be announced  
dates.

## DISTRICT 44

## ADMINISTRATION WORKSHOP HELD LAST WEEK

A three-day Educational Administrative Workshop for S. A. D. #44 personnel was conducted Tuesday, Wednesday, and Thursday, July 26-28, in Bethel. The focus of this workshop was to develop an effective "team approach" which will result in a systematic and smoothly operating School District for this coming year.

Members of the Administrative Council attending the workshop were: Kenneth Smith, Superintendent of Schools; Cliff Wing, Elementary Supervisor; Dr. Wayne Gersen, Telsar principal; Walter Phillips, Telsar Middle School principal; Joyce Morgan, teaching principal; Nancy Davis, teaching principal; Ethel Bisbee, teaching principal; Crescent Park School; Margaret Davis, teaching principal; Locke Mills School; Tim Barker, teaching principal; Woodstock Elementary School; Marie Wilson, Adult Education Director; and Art Froburg, School Psychologist.

The morning and afternoon sessions were led by Dr. Arthur Fearon, who is a specialist in Educational Administration and Organizational Development from the University of Maine, Farmington. Through his skillful leadership the school administrators identified and addressed an extensive list of priority issues that effect the day-to-day operation of schools as well as long range planning concerns. Types of issues dealt with were: emergency care of pupils, newsletter to parents, discipline codes, the respective roles and responsibilities of each participant, effective custodial service and building repairs, reporting pupil progress, as well as numerous others.

Each day every participant wrote an evaluation of the day's sessions. The analysis of these evidenced a high degree of accomplishment and a very positive feeling for the management team concept for the Administrative Council.

One of the participants, Mr. Gilbert said "the whole process Dave took us through really made me sensitive to management awareness. It was much more valuable because the Superintendent was there—it made it real".

Such meetings will continue on a regular monthly basis serving as a way to identify and improve operational aspects of the school system. The workshop was financially supported through a grant to the regional Superintendent's group from the Maine Department of Educational and Cultural Services, E. S. E. A., Title IV.

## NEW ENGLAND HOME JUNK MUSEUM OPENING AUG. 11

Thursday, Aug. 11, marks the opening of a brand new idea in museums. Mr. and Mrs. Albert Cox of Rumford Corner have finally solved the problem of what to do with the many old and "too good to throw away" items collected throughout the years. After months of preparation, with help from their grandchildren and young neighbors, their "New England Junk Museum" is ready.

The museum is located at the Cox home just off Route 232 on the South Rumford Road. On display will be a delightful combination of antiques and family heirlooms and a varied assortment of "early marriage" to modern collectibles. Everyone is welcome to come and have some fun on opening day from 9 a. m. to 4 p. m. on any day and time one finds the family at home. No admission will be charged.

Each day every participant wrote an evaluation of the day's sessions. The analysis of these evidenced a high degree of accomplishment and a very positive feeling for the management team concept for the Administrative Council.

One of the participants, Mr. Gilbert said "the whole process Dave took us through really made me sensitive to management awareness. It was much more valuable because the Superintendent was there—it made it real".

Such meetings will continue on a regular monthly basis serving as a way to identify and improve operational aspects of the school system. The workshop was financially supported through a grant to the regional Superintendent's group from the Maine Department of Educational and Cultural Services, E. S. E. A., Title IV.

## MUNDT-ALLEN AUXILIARY TO PLAN FOR FAIR

## YOUR BACK &amp; YOUR HEALTH

Stephen O. Garbarini, D. C. The making of a chiropractor

One of the misconceptions regarding the chiropractic profession that continues to hang on is the amount and quality of training necessary before someone becomes a doctor of chiropractic. Some still think that the whole training procedure is a matter of a few months, or at most a year.

Before a student is accepted into a chiropractic college, he or she must have completed a pre-chiropractic program consisting of a minimum of two years of specified subjects in a general college.

The chiropractic college itself requires 4,800 hours of work (five years) before graduation. In several areas, the study is more intensive than in other better known branches of the healing arts professions.

Then following graduation from college, the new chiropractor is still not ready to practice. Most states require that stringent board examinations be passed. The boards cover such fields as anatomy, physiology, bio-chemistry, public health and hygiene and pathology, many of them identical to the tests given to medical doctors.

You can see that your chiropractor is fully qualified to work with your health problems. Not only has he received long and valuable training from a certified college of chiropractic, but he has successfully passed his boards in our state.

You deserve the best possible care. Your chiropractor is trained to deliver it to you.

**WEST BETHEL CHILDREN'S CENTER**

We are having such a good time at the Center that the month of July breezed right by us. This week the children are busy exploring the world of science, learning about trees, honey bees and panda bears, being creative in our art room using paint in many different ways, and discovering some new and old foods, thru a pictorial food game and actual cooking with foods.

We have been eating wonderful salads with peas, beet greens and lettuce from our garden. One of our teachers brought in a gigantic zucchini and after close inspection and debate by the children on what color it would be inside, we cut it up and ate it in a salad for lunch!

Our star of the week is 4 year old Jeb Brown, son of Joan Loecomb and Jim Brown of Main St. Bethel. Jeb recently moved to Bethel from Virginia and has a

delightful accent. "Star of the Week" is a special time for the children when they get a poster made especially for them and other children pictures of their family, baby pictures, etc. We also talk about their pets and favorite color, T. V. program, food and toys.

Two trips have been planned for this week. We are going to travel to Roxbury and see a puppet show put on by the Celebration Mime Theater, who are well known for their talent. This will be our second professional puppet show this summer, a real treat! We are also going to travel to Paris Hill and tour the historical Paris Hill Library, which used to be and still looks like, the Paris Hill Jail. The children should find this unusual building interesting.

Thanks to Mr. and Mrs. Sam LaMontagne, who are keeping our lawn well groomed. A belated thank you to I. G. A. for the use of space for our bake sale.

Mass., are spending some time at the Linscott cottage.

The Misses Grace and Jean Fletcher of Montreal spent the week end at camp with Mr. and Mrs. Wallace Saunders.

Mr. and Mrs. Joe Hatstat of Brownsville, Vt., returned home Sunday after visiting her mother a few days.

Mr. and Mrs. Laurice Morrill of Freeport called on the Bill Bancrofts, Sunday.

Mr. and Mrs. Hugh Awaik of Augusta called on her parents, the Jesse Doyens Saturday afternoon. Wes Flint and Irene Hapgood of South Paris spent Tuesday evening there.

Mr. and Mrs. Herb Adams and family, Kate Adams, Hanover, Mrs. Ethel Bean and girls, Otisfield, and the Dave Salways enjoyed a look out at their mother's Sunday evening.

Happiness is like a butterfly. The more you chase it, the more it eludes you. But if you turn your attention to other things, it comes and softly sits on your shoulder.

— Mrs. Ann Morton, Correspondent

Substituting for Pam Morton

On Monday night town meeting was held in the K. P. Hall. Due to the change in the fiscal year from January 1 to a June 30 year, the meeting will now be held each August instead of in March. Money was allocated for the Recreation Committee's use in setting up a combination basketball court and tennis court and skateboard area. Many Howard Pond residents expressed concern over the littering and disturbances caused by non-residents at the Pond. Steps will be taken to enforce a loitering law and put up No Parking signs where necessary.

Pam and Tom Morton left Monday morning for Bar Harbor with Mr. and Mrs. Hugh Morton of North Windham, the Carl Cowan family of Pittsford, N. Y., and the Dennis Stires family of Livermore. They camped in Arcadia National Park. On Wednesday, Dave, Ann and Paul Morton joined the group to camp until Friday.

Mr. and Mrs. Richard Burns and family went to Prince Edward Island and Seaport on their vacation.

Robin and Michelle Dempsey are visiting relatives in Orono this week.

Roy Jones of Exeter, N. H., are visiting friends in the area this week. Mr. Jones formerly lived in the Arthur Howe home.

Mr. and Mrs. Jerry Perkins and family visited relatives in Rochester, N. H., from Wednesday to Saturday of last week. On the way

home they visited the David Morton family in Naples. Their son Jon, stayed to visit with Paul Morton for a few days.

Louise and Gail Worcester, Rose Hutchins and Lorraine Gallant went to Upton to pick blueberries. Several families have been picking blueberries on Whitecap Mountain. Reports vary on the quality of the crop this year.

The Little League playoffs will be held at the Rumford Point field Saturday at 1 p. m.

The Rumford Point farm team will meet Bryant Pond in the playoffs Monday at 6 p. m. at Bryant Pond.

**CARD OF THANKS**  
I wish to thank family and friends, the Methodist Church, for gift and cards sent me while I was in the hospitals, and to the wonderful people who prayed for me. It helps to know people care. A special thanks to the Bethel Rescue Unit.

—Eveline Barrett, Corres.—

Such beautiful weather and nice breezes. Tuesday, Joe and I went riding, stopped at Pinhook to tell my brother Arthur Coffin that our uncle, Harris Birney, passed away. Made a dooryard call on Lempi Wyman, Rumford Point, met Elvira Littlehale and Sylvia Judkins at Sampson's, had a lunch at McDonald's and home.

Mr. and Mrs. Ellsworth Lawrence were at Dr. Wolfe's, Lewiston, Thursday. Doris' eye wasn't any better. On the way home they called on Mr. and Mrs. Maynard Emery, Mechanic Falls. Saturday they visited Mr. and Mrs. Pete Collette, Lake Thompson, for the afternoon and evening.

Saturday Joe Barrett spent the day at Norway hospital for tests and will go back August 3 for X-rays. His doctor is on a two week vacation. Maybe that is why Joe is acting up.

The water in the brook is just a trickle. Need lots of rain.

Several from our hamlet attended bean hole bean activities.

Laura and Matthew Keene went Aug. 1 to visit their father and step mother at North Carolina for one week.

Laura and Leo Landry, Saugus, Mass., visited Mr. and Mrs. Philip Hyam Saturday.

Callers at Lawrence's, Mr. and Mrs. Norman Abbott, Alice Goff, Marion Rideout, Mr. and Mrs. Elvira Lawrence, Mr. and Mrs.

Herman Card, Linda, Lou Rolfe, Jeanne Millett, Stevie Stevie stayed all night. Mr. and Mrs. Linwood Birney, Dot Smith, Lloyd Huntley.

Sunday Mr. and Mrs. Root Lawrence went to Gorham, N. H. and picked up their brother, Wilbur Lawrence and had a cook out at Dolly Copp.

Elmer Taylor had a vacation this week from Ripley and Fletcher, South Paris.

Don Cox put a young horse into Herbert Stevens' pasture where there are already four horses, a yearling calf and the first day they must have traveled 75 miles.

Mrs. Mirja Rainey, Woodstock, had a large trailer moved onto the Cross Road.

The year 1977 should go down in history as the coldest and hottest. I have no comments on the weather as I might forget my manners, but I did read two good books. Going barefoot was alright in the house, but had to wash my feet before going to bed and the brook is low on water.

Mr. and Mrs. Joseph Kalinowski had week-end guests from their home town, Portland, Conn. Mr. and Mrs. Milton Bloomquist and Mrs. Clara Gustafson arrived Friday and left Monday for home.

Mrs. Bloomquist, a member of the Portland Community Center Council on which the Kalinowski's also serve, had many things to discuss and plan with the couple. The Kalinowski's took the

visitors to Bethel for the Molly-ockett Day parade and other events, on to Rumford Point Fair and supper, and a visit to Snow Falls.

Sunday the Kalinowski's were guests of their three visitors for supper at the Chicken Coop, Mexico.

The honeysuckle bush by our back window is just loaded with small red berries, and it's interesting to watch the birds. When I bring in the wash I find a lot of polka dots.

Callers at Lawrence's, Nancy Mason, Heather, Timmy, the Kalinowski's, Eveline Barrett, Sandra, Jeff, Jim Coffin, Bruce Bonney, Sandra Abbott, Tuesday, Doris Lawrence, Joe, Laura Kalinowski, went to Doro Kangas funeral.

Mr. and Mrs. Phil Hyam had a visit from her sister Betty and Nick Nichols and sons Jason and Erie from Ohio just for the day Sunday.

Edgar and Wade Rainey put new roofing paper on the Barrett's garage and fixed the garage door Friday. We are glad that they waited for cooler weather. We are all set for winter now.

Thursday noon when temperature was high, a car load of boys tried to mow down the railing on

our new bridge. They succeeded in bending one end quite a bit as they weaved back and forth. A State Police trooper investigated and the car was removed by wrecker.

Mr. and Mrs. Chester Sanborn, Bucksport, and Mr. and Mrs. Basil Turner, Blue Hill, made a short visit with the Kalinowski's Sunday. Mr. Sanborn became acquainted with them years ago in Connecticut.

During the heat wave there was a lovely breeze at "Big Rock."

Word from "O'Haron's" say they had no trouble from either truck as they traveled to Arizona, until they were parking the large truck and stopped a clutch.

A lovely little shower this Monday morning, July 25, and we need a lot of them.

Her elbow length veil, edged with sea pearls, was caught to a clasp of French lace and she carried a cascade bouquet of carnations, chrysanthemums, and poms mixed with heather leaf and baby's breath. ## CUB SCOUTS AT BOMAZEEN

Last Saturday and Sunday, eight Cub Scouts and three adults from Bethel Pack 566 traveled to North Belgrade for the annual Camp Bomazeen overnight.

The group assembled in the old A. & P. parking lot at 9 a. m. Saturday and journeyed via Route 2 through the Boy Scout Camp in just over two hours. After registration they were assigned to a campsite and then returned to the waterfront where the boys qualified for different swimming classifications by being tested by the camp staff. Six of the Pack-566 boys made the top class of swimmer with "Fish" Todd Kellogg leading the way.

Everyone brought their own lunch and the camp provided "bug juice," the Scouts way of saying kool-aid. The big feeders turned out to be Jim "His lunch sack held everything" Feeney and Cubmaster Al "Dagwood Sandwich" Barth.

After lunch various group activities were held including rifle shooting, archery where Bill Myers and his son Danny made out like William Tell or the whole Apache nation; sports, which consisted of an obstacle course that the dining hall, Unadunited, how the Cub Scouts of Pack 566 came out with best skill of all by far.

During the night many strange sounds were heard, most of which could be traced to two-legged 9 and 10 year olds. However, in the early dawn a raccoon broke into the food tent and made off with Don Fudge's and son, Coley's, English muffins and bread forcing them to alter their breakfast and dinner menus. All attended a church service held at the Council Ring and the hymn singing sure did sound nice amongst the tall pine trees.

More activities were held where Donald Barker fashioned a fancy vest on which he can sew all his accumulated Scout Patches. During the boating activity, Scott Kennedy returned to the tent site to find that the fiendish masked bandit had struck again and he was left with just potato chips and plums for lunch. A general swim followed with the eating of three large watermelons concluded the activities.

At the closing ceremonies, each Cub was awarded a special Cub Scout-Camp Bomazeen Patch and each Dad was awarded the regular Camp Patch. Pack 566's Flag was lowered to conclude a most successful week end.

The last summertime activity will be held Saturday, Aug. 13, at 2:30 p. m. at which time the group will travel to West Bethel to visit Ed Quinn's Railroad Museum.

Miss Helen Varner left Wednesday to spend a few weeks with friends and relatives in Nova Scotia, Can.

Mrs. Wade Thurston returned last Friday, after visiting her sister and other friends on Prince Edward Island.

Lauri and Sharon McLean of Auburn, are spending a few days as guests of their grandparents, Mr. and Mrs. Randal Stevens.

(Bethel Emergency Ambulance & Rescue Service)

Hi People, I'm back with the BEARS, ready to carry on with this column once again, as Public Relations person on the Board of Directors. When I left Bethel in May, Esther Sweetser was kind enough to take on this column along with all her other duties as ambulance attendant and working full time at another job. Esther is one of those persons on the BEARS force who works continually for the Bethel community in a quiet supportive way. I want to take this space to acknowledge my gratefulness for having this special lady as a friend. I trust others in this community will take time to say "thanks, Esther."

Once again, I want to tell you that ambulance attendants are getting scarce here. Sixteen of us are being asked to volunteer 672 hours for the upcoming month. We work 12-hour shifts, covering Bethel and surrounding areas on a 24-hour basis. If you have any interest whatever, please call either 824-2744 or 824-2233. Don't wait till it's someone you care about who needs emergency care before you become involved!

Also, thanks to Jeri Brooks for lending us her home till the wee hours of the morning preparing the BEARS float for Mollycoddle Day.

Got any ideas for next week's column. Let us hear from you. Lyn Bristol
